

# STRAIGHT TALK

**Christ's Gospel serves as the highest moral standard for us to live by and to guide us through the trials of life.**

Its message is simple, clear and doable. Yet, many people choose the wide path that leads to destruction, walking aimlessly through moral darkness and confusion. Even Christians fall victim to the temptation of immoral behavior. **But there is hope in Christ!**

We are excited to host four speakers that are morally and personally compelled to address this spiritual crisis. This event is **open to all** – Christians and non-Christians alike – to listen and learn how God has taught us to live in *this* life, so we can be with Him in the life to come.
